WELLS FARGO & COMPANY
RISK COMMITTEE CHARTER

PURPOSE:

The purpose of the Risk Committee is to assist the Board of Directors in fulfilling its responsibilities to oversee the Company’s enterprise-wide risk management framework and Independent Risk Management function, including the strategies, policies, procedures, processes, and systems, established by management to identify, assess, measure, monitor, and manage the major risks facing the Company, including compliance risk (includes conduct risk and financial crimes risk), credit risk, interest rate risk, liquidity risk, market risk, model risk, operational risk (includes information security/cyber security risk and technology risk), reputation risk, and strategic risk.

The Committee also shall assist the Board of Directors and its other committees that oversee specific risk-related issues and serve as a resource to management by overseeing risk across the entire Company and across all risk types, and by enhancing management’s and the Board’s understanding of the Company’s overall risk appetite and enterprise-wide risk management activities and effectiveness.

While the Committee has the authority and responsibilities set forth in this Charter, management is responsible for designing, implementing and maintaining an effective risk management framework. Nor is it the duty of the Committee to assure compliance with laws and regulations.

MEMBERSHIP AND MEETINGS:

The Committee consists of a minimum of three members and meets at least quarterly. Special meetings may be called in accordance with the By-Laws or resolutions adopted by the Board. Committee members are appointed by the Board on the recommendation of the Governance and Nominating Committee and may be replaced by the Board. The members of the Committee shall each have been determined by the Board to be “independent” under the rules of the New York Stock Exchange, and the Committee’s membership shall meet all independence, expertise and experience requirements imposed by any applicable regulatory authority.

To ensure appropriate oversight of risk and other issues without unnecessary duplication, the Chair of the Risk Committee and the chairs of each of the other Board committees communicate as they deem advisable. In addition, the Committee shall meet at least annually with the Audit and Examination Committee to discuss matters of common interest as determined appropriate by the two committees.

The Committee shall meet periodically in separate executive sessions with the Chief Risk Officer, Chief Operational Risk Officer, Chief Compliance Officer, Head of Global Financial Crimes Risk Management, Chief Information Security Officer, and other members of management as it determines appropriate; and the Committee chair, or other individual Committee members designated by the Committee, is expected to have regular communication.
between Committee meetings with the Chief Risk Officer and, as needed, other members of management. The Chief Risk Officer and, as needed, other members of management are expected to communicate with the Chair on any significant risk issues that arise between Committee meetings, including issues raised or escalated by management’s Enterprise Risk & Control Committee. In addition, each of the members of the Board’s other committees is expected to bring to the attention of his or her committee Chair and member of his or her committee who also is a member of the Risk Committee, or the Chief Risk Officer, any risk issues that such committee member believes should be discussed by the Committee.

AUTHORITY AND RESPONSIBILITIES:

1. Risk Management Framework. The Committee shall approve and periodically review the Company’s risk management framework, which outlines the Company’s overarching approach to risk management and the policies, practices, and governance structures used by management to execute its risk management program and Independent Risk Management strategy including those relating to the following:

   - managing risk in a comprehensive, integrated and consistent manner;
   - maintaining a strong culture that emphasizes each team member’s ownership and understanding of risk;
   - supporting the stature, authority, and independence of Independent Risk Management and appropriate credible challenge of business decisions;
   - clearly defining risk roles, responsibilities, and authorities across the Company’s three lines of defense;
   - establishing a risk management governance structure, including escalation requirements and management-level governance committees, that enables the comprehensive oversight of the risks facing the Company and the Company’s risk management activities;
   - establishing a risk management framework, policies, procedures, controls, and enterprise risk programs that form an integrated risk management program that promotes the active, prompt, and consistent identification, measurement, assessment, control, mitigation, reporting, and monitoring of current and emerging risk exposures across the Company; and
   - providing for the recruitment, development, retention, compensation, and succession planning of risk talent, as well as enterprise-wide incentive-based compensation practices that are consistent with the safety and soundness of the Company and do not encourage excessive risk taking.

2. Oversight of Independent Risk Management Function. The Committee shall oversee and receive reports on the operation of the Company’s enterprise-wide risk management
framework and Independent Risk Management function, including Independent Risk Management’s financial forecast, staffing levels, and resource needs. The Chief Risk Officer, together with the Independent Risk Management function, shall report functionally to the Committee and administratively to the Chief Executive Officer. The Committee shall initiate and finally approve the appointment and replacement of the Chief Risk Officer; evaluate and communicate to the Chief Risk Officer his or her performance; and approve the Chief Risk Officer’s base compensation, adjustments and incentive compensation.

3. **Risk Profile.** The Committee shall review and discuss major risks facing the Company and management’s assessment of the Company’s aggregate enterprise-wide risk profile, as well as the alignment of the risk profile with the Company’s strategic plan, goals, objectives, and risk appetite.

4. **Risk Appetite.** The Committee shall annually review and recommend to the Board the articulation and establishment of the Company’s risk appetite, and shall approve amendments to the Company’s statement of risk appetite, as appropriate. The Committee shall receive reports from management and, if appropriate, other Board committees, regarding the Company’s adherence to risk limits and its established risk appetite (including related to major risk types).

5. **Risk Governance Documents.**
   - In connection with its review and approval of the Company’s risk management framework, the Committee shall periodically review and approve the components of the Company’s risk management framework established by management for oversight of the major risk types identified through the Company’s enterprise risk identification program. Those components of the risk management framework relating to the Company’s major risk types outline the structures, practices, and programs for managing those major risks and may, in some cases, be reviewed periodically by another Board committee primarily responsible for the oversight of the specific risk type.
   - The Committee shall approve any other policies or activities it deems appropriate or are required to be approved by the Committee by applicable law or regulation.

6. **Oversight of Enterprise Conduct Risk and Risk Management Components of Culture.** The Committee shall oversee enterprise conduct risk, including independent risk management’s conduct risk oversight activities, and risk management components of the Company’s culture.

   - The Committee shall review and approve any significant supporting operational risk, compliance risk, financial crimes (including Bank Secrecy Act (“BSA”)/anti-money
laundering) risk, information security (including cyber) risk, technology risk, and
data management risk programs and/or policies (including the Company’s business
resiliency program, compliance program policy, data management strategy, financial
crimes program, and third party risk management policy).

- The Committee shall periodically review and receive updates and reports from
management on the state of:

  - compliance and general condition of compliance risk management and related
    compliance risk in the Company, including the Company’s compliance
    program, annual compliance plan (including the Compliance financial forecast,
    staffing levels, and resource needs), compliance components of the Company’s
    culture, emerging compliance risks, significant pending laws and regulations,
    significant violations of statutes and regulations (including those relating to
    safety and soundness) with corrective actions and schedules for remediation
    and/or resolution, adherence to compliance risk appetite metrics, and the
    reputation risks of significant compliance exposures;

  - financial crimes risk and general condition of financial crimes risk management
    and internal controls in the Company, including common issues across business
    lines, adherence to financial crimes risk appetite metrics, suspicious activity
    monitoring and reporting, and the reputation risks of significant financial
    crimes risk exposures; and

  - operational risk and general condition of operational risk management in the
    Company, including common issues across business lines, matters related to the
    effectiveness of the Company’s control environment as it relates to operational
    risk, adherence to operational risk appetite metrics, and the reputation risks of
    significant operational risk exposures; and

  - information security (including cyber security) risk, technology risk, and data
    management risk, including receiving updates on the Company’s data
    management strategy and program, risk data governance, and cyber defense
    management program.

8. **Liquidity and Funding Risks; Capital Adequacy.** The Committee shall oversee the
Company’s liquidity and funding risks, and shall annually review and approve, or
recommend to the Board approval of, the Company’s liquidity risk management
strategies, policies, and procedures, which include the Company’s contingency funding
plan. The Committee shall receive reports and discuss the Company’s liquidity risk
profile at least quarterly. In addition, the Committee shall receive reports and discuss
periodically the Company’s capital adequacy and planning activities in relation to the
Company’s risk profile.

9. **Volcker Compliance Program.** The Committee shall approve and oversee the
Company’s compliance program required under the Volcker Rule and its implementing
regulations, including receiving reports on management’s administration and the effectiveness of the program.

10. **Acquisitions and Strategic Initiatives.** The Committee shall receive reports prepared by the Company’s Corporate Development Department pursuant to the Board’s Acquisition Oversight Policy, or any similar policy adopted by the Board from time to time, and shall discuss and make such inquiry of management regarding risks that may be associated with the Company’s acquisition activities or significant new business or strategic initiatives as it may deem appropriate.

11. **Emerging Risks and Other Risk Issues.** The Committee shall receive regular reports from the Chief Risk Officer and other members of management regarding emerging risks and other selected risk topics and/or enterprise-wide risk issues, including model risk. The Committee may request that the Board and/or another committee of the Board review, discuss and assume oversight responsibility for any newly identified risk issues.

12. **Assessment of Risk Program.** The Committee shall review and receive regular reports from the Chief Risk Officer and other members of management regarding management’s assessment of the effectiveness of the Company’s enterprise-wide risk program, including corrective actions taken by management to address risk issues and the implementation of risk management enhancements.

13. **Other Authority; Self-Evaluation; and Charter Review.**

- The Committee shall perform such other duties and responsibilities as may be directed by the Board or required by applicable laws, rules or regulations.

- In performing its responsibilities, the Committee is authorized to obtain advice and assistance from internal or external legal, accounting or other advisors at the Company’s expense without prior permission of the Board or management.

- The Committee may, in its discretion, form and delegate all or a portion of its authority to subcommittees.

- The Committee shall document and maintain records of its proceedings, including risk management decisions and other approvals, and shall make regular reports to the Board summarizing the matters reviewed and actions taken at each Committee meeting.

- The Committee shall review and assess the adequacy of this Charter annually. The Committee may recommend amendments to this Charter at any time and submit amendments for approval to the Board.

- The Committee shall annually review its own performance.
