Overdraft Protection Transfer or Advance Fee – when you are enrolled we will transfer/advance available funds from your account(s) linked for Overdraft Protection

\$12.50 per transfer from your linked savings account

Note: Overdraft Protection transfers from a savings account count toward the Regulation D and Wells Fargo combined total limit of six transfers and withdrawals per monthly fee period. If the limit is exceeded, an excess activity fee for each transfer or withdrawal over the limit will be assessed. If the limit is exceeded on more than an occasional basis, your savings account could be converted to a checking account or closed.

\$12.50 per advance from an eligible linked line of credit account

You may be able to use your credit card as Overdraft Protection. To learn more about the Overdraft Protection Advance Fee from a credit card, please see your Credit Card Agreement.

Debit Card Overdraft Service

Choose how Wells Fargo handles your ATM and everyday (one-time) debit card transactions when you don't have enough money in your checking account (or in accounts linked for Overdraft Protection) at the time of the transaction.

If you do not add Debit Card Overdraft Service: ATM and everyday (one-time) debit card transactions will be declined if there isn't enough money in your checking account (or in accounts linked for Overdraft Protection), and there are no fees for declined transactions.

If you add Debit Card Overdraft Service: ATM and everyday (one-time) debit card transactions may be approved into overdraft at the bank's discretion and an overdraft fee may apply unless a covering transfer or deposit is made before the posted cutoff time on the same business day (subject to the bank's funds availability policy). See "Overdraft services fees" for detail.

How deposits and withdrawals are processed

Posting order – the order your deposits and withdrawals are processed

Transactions are generally posted each business day in this order:

- **First** – deposits or incoming transfers received before the deposit cutoff time that day
- **Second** – your withdrawals/payments that have been previously authorized and cannot be returned unpaid, such as debit card purchases and ATM withdrawals. Transactions generally are sorted by date and time the transaction was conducted or for some transactions the time assigned by our system; if date and time are the same, we post lowest to highest dollar amount.
- **Third** – checks and preauthorized automatic ACH payments (such as bills you pay by authorizing a third party to withdraw funds directly from your account) by date and time received by the Bank, and if date and time are the same, we post from lowest to highest dollar amount

Deposit availability – when your deposits will be made available

Cash deposits: same business day

Electronic direct deposits/incoming wire transfers: same business day

Check deposits: Funds are generally available on the first business day after the day we receive your deposits. For check deposits made at a Wells Fargo location or ATM, up to \$400 of the deposits may be available on the day of the deposits.

If we place a hold on a check, the first \$200 will be available on the next business day. The remaining balance will be available no later than the seventh business day after the day of your deposit. We will notify you of the hold and when the funds will be made available to you.

Note: Deposits made before the posted cutoff time at a branch, Wells Fargo ATM, or through Mobile Banking will be processed that day. Deposits made after the cutoff time are treated as made on the next business day.

Dispute resolution

If you have a dispute, we want to resolve it as quickly and easily as possible. First, discuss your dispute with a banker. If your banker is unable to resolve your dispute, you agree that either Wells Fargo or you can initiate arbitration. The arbitration process is further detailed in the "Resolving disputes through arbitration" section of the Deposit Account Agreement. If a claim is eligible to be resolved in small claims court, you may pursue the claim in small claims court.

¹Our overdraft fee may apply whether the overdraft is by check, electronic payment, everyday debit card or ATM transaction (if applicable), or other means. The payment of transactions into overdraft is discretionary and the Bank reserves the right not to pay. For example, the Bank typically does not pay overdrafts if your account is overdrawn or you have had excessive overdrafts. You must promptly bring your account to a positive balance.
