

Commitment to military members, veterans, and their families

Empowering our communities to succeed financially

Wells Fargo has been helping military members and veterans succeed financially for more than 160 years. Throughout the years, Wells Fargo has supported military members and veterans through initiatives to recruit and retain team members, and through foundation donations, countless volunteer hours, and event sponsorship.

In 2012, we created the Military & Veteran Affairs Program to expand our outreach to members of the military, veterans, and their families who may be facing financial hardships as part of our commitment to helping communities succeed by being a part of the solution.

Wells Fargo has:

- Donated more than 350 homes, valued at over \$55 million, to veterans in all 50 states, and sponsored the donation of more than 15 vehicles to veterans.
- Hired more than 8,400 veterans, and participated in more than 1,200 job fairs since 2012. More than 200 team members are on military leave at any given time.
- Launched [Hands on Banking®](#) for Military, a financial education program that has been shared online, in print, and through in-person group and one-on-one sessions with more than 1 million military service members, veterans, and their families since July 2013.
- Overall, donated more than \$130 million to military- and veteran-related nonprofits since 2012.

Military Apprenticeships

Wells Fargo currently offers an [apprenticeship](#) program for veterans. The program offers companies the tools they need to develop a highly skilled workforce and provides veterans the opportunity to earn a salary while learning additional skills to succeed in financial industry careers. Apprentices follow a rigorous learning path focused on closing any gaps for traditional roles in order to learn the financial industry and career development that will help them succeed in a second long-term career path. The apprenticeships are registered by the Department of Labor and the Department of Veterans Affairs. Eligible participants are able to leverage their GI Bill Benefits to supplement their income during the paid apprenticeship.

Veteran Startup Pitch

Wells Fargo hosted its first Veterans Startup Pitch event on October 18, 2016, in San Francisco. Veteran-founded technology startups were invited to pitch their technologies to a panel of judges. Two startups — ID.me and Efflux Systems — earned the opportunity to collaborate with Wells Fargo in its innovation lab for 90 days.

Financial education

In July 2013, Wells Fargo launched its *Hands on Banking*® for Military (handsonbanking.org) program to address the financial education challenges facing military members, veterans, and their families. The award-winning *Hands on Banking* program offers 10 individual lesson topics specifically for military, ranging from the basics of banking to planning for retirement.

Wells Fargo joined forces with the National Foundation for Credit Counseling (NFCC) to bring *Hands on Banking* for Military to service members in the continental United States. Military and veteran groups wishing to have a representative teach a class, or individuals interested in scheduling a session with a certified financial counselor, should contact the NFCC at 1-855-374-2773.

Complementing the veteran reintegration process, this program provides quality transformative experiences that inspire warriors to grow and continue to contribute their absolute best to the world.

Wells Fargo provides financing options and dedicated service to help service members and veterans looking to buy a home. We are a leading provider of VA home loans and military relocation mortgages (Permanent Change of Station transactions), with specialized teams who understand unique military needs. Wells Fargo also offers free homebuyer education resources tailored to the military.

Wells Fargo's LIFT programs help people achieve homeownership through down payment assistance and homebuyer education. In markets where LIFT is available, a special military benefit helps qualified service members, veterans, and surviving spouses receive a home down payment assistance grant.

Since 2012, Wells Fargo Foundation housing philanthropy programs have provided more than \$15 million in grants to support sustainable housing and homeownership for veterans. During this period, they can continue to receive benefits coverage, such as medical, dental, vision, life insurance, and long term care. Additionally, Wells Fargo pays for any scheduled days of work that are missed due to weekend drill or annual training.
