January 28, 2021

Open for Business Fund Grant Recipients

Wells Fargo is donating approximately $400 million to help small businesses impacted by COVID-19 to keep their doors open, retain employees, and rebuild. Through the Open for Business Fund, Wells Fargo is supporting Community Development Financial Institutions and nonprofits that provide needed capital, technical support, and long-term resiliency programs for small businesses, particularly those owned by underrepresented individuals as part of fostering an inclusive recovery.

If you are a small business owner seeking support, visit the Small Business Resource Center or explore this list of Open for Business Fund grant recipients to find nonprofits that help small businesses. We will continue to award new grants throughout 2021 and encourage you to check back for updates.*
